

**Daily Update**  
April 17

**Geological Work**

Devil's Slide (post mile 39.14)

- Rock scaling team met at the site to finalize the work plan for Tuesday and review safety procedures. All personnel, including media pool camera people are required to attend a safety meeting scheduled for Tuesday morning.

Crack indicating movement at the slide

#### Slide at Post Mile 40

- The contractor responsible for performing the repair work had a crew at the site today. They were planning the work for tomorrow, marking the road and surrounding area to be excavated. This is the first step in completing the repair.

#### **Biological Monitoring**

- Biologists continued to monitor wildlife in the area. Under the advice of Caltrans and independent biologists, precautions are being taken to ensure the absolute minimum impact on wildlife.
- Two sound meters were installed today in locations recommended by biologists.

#### **Public Information**

- A media advisory was issued today informing media groups that rock scaling will begin tomorrow, Tuesday April 18.
